7:30 a.m.–12:15 p.m.**

Meeting room will be posted on Events of
the Day Board in Hotel Lobby

COURSE DESCRIPTION

This half-day workshop will discuss the latest indications and treatment options available for cosmetic surgery and office procedures as well as how to incorporate these skills into a primary care practice. It will also discuss relative problems and contraindications associated with these procedures.

CONFERENCE OBJECTIVES:

At the completion of this four hour workshop, the participants should:

1. Acquire practical knowledge with regard to office-based procedures designed to improve patient care
2. Develop hands-on skills to perform dermatologic procedures as well as a skin biopsy (shave, punch and excisional/incisional), in addition to suturing techniques and joint injections
3. Learn more effective office coding techniques for reimbursement of these treatments.
